Dearest Friends of The Kielbasa Kings:

On behalf of all the guys in the band, Tom, Justin, Doug, Barry, Terry, Jamey, Sam and myself, we wish you and your family health and safety during these extraordinary times.

As you probably are aware, there is a lot of information that we do not know at the moment, like when we will be back out in public to perform, which events have had changes, etc. The band has had canceled or postponed dates. This information changes unpredictably. We will do our absolute best to keep you informed of the changes to our band schedule on a timely basis through our schedule page here on the website.

The only information we will be dispersing will be about our band, only. Inquiries about the status of festivals/events should be directed to the respective websites or organizers and not to us.

The best ways to contact us is via our email address, our phone number or through the mail.

Please, stay healthy, stay safe. We cannot wait to be back out playing polkas, waltzes and obereks for you.

Yours in Polka Music,
Kevin Jakubowicz
Leader, Accordion, Vocal.
